EverCase Insider Risk Case Manager

Take Control of Insider Risk

Benefits

→ Maintains all critical case information.

→ Centralized storage and rapid evidence retrieval.

→ Assign tasks and track team progress.

→ Pre-loaded and customizable workflows.

→ Automated notifications and secure team messaging.

→ Open API for data and workflow integrations.

Challenge

The need for systematic confidential workflows to manage cases of insider risk with greater speed and assurance.

Solution

Purpose-built tool that empowers efficient, effective, and secure inquiries.

Where Efficiency Meets Security

Every day, organizations face internal risks that endanger their most valuable human digital and physical assets. At the same time, insider threat program managers are forced to rely on ad hoc tools like spreadsheets and email that make effective case management extremely difficult.

Manage Your Caseload with Ease

EverCase operates as a single, central secure repository for evidence, artifacts, and documentation.

In-app messaging and systematic workflows help you collaborate with your team to manage more cases with greater speed and confidence.

Protect Sensitive Insider Risk Data

For Organizations that Require Airtight Security

EverCase is trusted to help manage cases and classified data for Government Agencies. Now you can use the same technology to protect your organization's sensitive insider risk data.

Access Controls

→ Designate personnel + enable roles-based permissions.

→ Control access to every case, attached file + investigation step.

→ Enforce organizational policies for privacy + security.
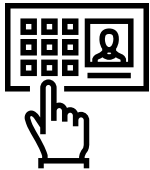

Confidentiality

→ Protect the identities of individuals associated with a case.

→ In-app viewing + collaboration to avoid unnecessary downloads.

→ Accredited under NIST RMF.

Compliance

→ Aligns with NITTF, NISPOM + other standards.

→ Enables central management + oversight.

→ Supports annual program reporting requirements.
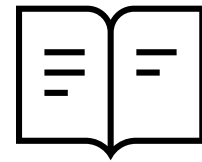

Case Management + Risk Data Visualization

Step up your strategic planning with at-a-glance risk and threat dashboards.

EverCase provides operational and strategic metrics to understand caseload status, organizational risk, and to answer your most pressing questions.
